ABOUT ME

I'm a passionate **Front-End Developer**, experienced in making valuable and innovative contributions to a team. Primarily skilled in **React**, with a portfolio showcasing ongoing commercial and personal projects: www.andreapiano.dev.

Most of my IT experience was gained working at **Softfobia (Minsait)**, where I collaborated on notable projects for renowned brands such as **Greenpeace**.

After that, I worked as a **Data & Software Engineer** in the **UK** and **Turin**. Currently I'm freelancing, while seeking a role I can perform from **Italy** or **Poland**, as I split my time between **Cagliari & Poznań** (*my partner is Polish, and we share a flat together in Sołacz*). Open to fully relocating to **Poznań**.
